

April 17, 2024

Dear Valued Patient,

As part of your care from UT Health Austin, our records reflect that Lauren Thaxton, MD, a general obstetrician and gynecologist with a focus on Complex Contraception in the Department of Women's Health has an established care relationship with you. We are writing today to inform you that Dr. Thaxton will be discontinuing her practice in Woman's Health effective May 1, 2024 and will no longer be available to provide your care at UT Health Austin after that date.

UT Health Women's Health providers are available for the continuity of your care. We remain committed to providing high quality, team-based care for our community and have a robust group of skilled providers available to continue your clinical care. If you would like to reschedule a future appointment with another team member, please contact us at **1-833-882-2737**, and one of our Access Center Partners will assist you.

Your medical records are confidential, and a copy can be transferred to another provider or released to you only with your permission. The enclosed HIPAA Authorization for Release of Information is necessary to release a copy of your medical records to you or a new provider outside of UT Health Austin. If you select another provider outside of UT Health Austin, please complete the enclosed form and return it as soon as possible so that we may forward a copy of your medical records to you or the provider you designate. For your convenience, you may also scan the QR code below to download the Authorization form from the UT Health Austin website. Please rest assured that UT Health Austin remains available to consult with your new provider to promote a smooth transition and continuity of care.

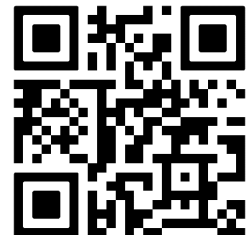

We are dedicated to providing ongoing support to help you live a healthier life and look forward to continuing your care with Women's Health. We want to thank Dr. Thaxton for her service in caring for our patients and wish her well in her new endeavors.

Thank you for your loyalty and trust.

Sincerely yours,

Michael Breen, MD
Medical Director, Women's Health
UT Health Austin
